

MARCH 2023

The Owners

We are looking forward to a great season with you this year! Things are BUSY around here but there is much we can find to be thankful for-our children, our customers, good health, and the new season of life that shows up in God's nature all around us.

If you need anything from us, just let us know!

Lawns in the Four States

We live in what's called the Transition Zone of the United States-extreme cold and warm temperatures. Because of this, in Southwest Missouri, we grow both warm season and cool season grasses. Bermuda and Zoysia are our primary warm season grasses and Tall Fescue is our primary cool season grass. **They all have their own needs and we treat them accordingly.**

There are three components to a healthy lawn-treatments, mowing, and watering. If one of these are lacking the lawn will not be the best it can be.

We have your treatments covered. Proper mowing and watering are essential.

What's Happening On Your Lawn in Visit 1?

Right now we are applying weed preventer to all lawns. As the soil warms up new weeds will begin to germinate and grow without this application.

We are also suppressing weeds currently in the lawn. Cold temperatures make controlling weeds more difficult. Any weeds that are still hanging around after the first visit will be sprayed again in the next visit. With warmer weather the control will be very effective.

Tip: Sharp Blades

AS YOU GEAR UP FOR MOWING SEASON, MAKE SURE YOUR BLADES ARE SHARP!

SHARP BLADES MAKE A PRETTIER CUT AND ARE LESS STRESSFUL ON THE LAWN THAN DULL BLADES.

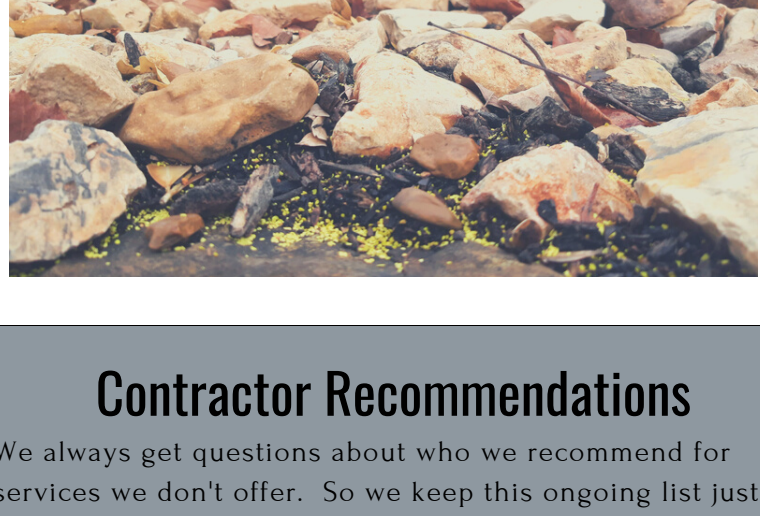

SET YOUR CUTTING HEIGHT TO THE PROPER SETTING- FESCUE LAWN IN THE SPRING AROUND 3.5"-4" AND BERMUDA/ZOYSIA AROUND 2"-3".

Landscape Bed Weed Preventer

ADD-ON SERVICE

For those that don't like to hand pull weeds, consider having us add this service into your program. This is the prime time to get landscape bed weed preventer down. We apply this application once in the spring and once in the fall.

Contractor Recommendations

We always get questions about who we recommend for services we don't offer. So we keep this ongoing list just for you!

- JASPER RIDGE LLC - CARSON JENSEN- 417-396-4044**
